

# Matias Octavio José

*Resumé*

## Personal Data

---

**Name:** José, Matias Octavio

**Birth Date:** September 18th, 1982

**Age:** 29 years old

**Nationality:** Argentinean

**Civil State:** Single

**City of Residence:** Buenos Aires, Argentina

**Contact:** [www.matiasjose.com/en/contact.php](http://www.matiasjose.com/en/contact.php)

**Portfolio:** [www.matiasjose.com/cv/en](http://www.matiasjose.com/cv/en)

---

## Technical Background

### Web Technologies:

I am a web programmer since 1998; I am expert in Web Technologies such as **HTML, XHTML, CSS, JavaScript, Ajax, PHP** and **MySQL**. My field of action goes from dynamic auto-editable websites such as e-commerce platforms, personal websites with dynamically editable pages to Web applications, intranets, online statistic systems and **voIP** integration systems.

**Client Side:** I manage the Web standards of **XHTML 1.0** and **CSS 2.1** and **CSS 3** following the **W3C** recommendation. I have studied **JavaScript** in retail, based on the **Mozilla Foundation** and **The JavaScript Dictionary** sources; I have knowledge in **DOM** manipulation, dynamic **CSS, Ajax** and **XML** interpretation. I have created the Scriptor **JavaScript** framework (See Portfolio). I have programmed in compatibility with browsers such as **IE7, IE8, IE9** various **Firefox, Netscape, Opera 10** and **Chrome** and **Safari**.

**Server Side:** I have knowledge of **PHP** obtained from the php.net sources and from editorials such as **O'Reilly** and **Sams Teach yourself**. I can code in procedural or object oriented way, since I have a structured base knowledge in programming languages such as **ASSEMBLER, C, C++** and **BASIC**.

Also, I have knowledge on installing, configuring and maintaining **Apache 1.3** and 2.x servers on **Windows** and **Linux**, as well as basic knowledge on **IIS** for Windows (although I prefer to avoid it).

I manage **SQL** based relational databases and I specialize on **MySQL**, although I have experience with other engines such as **Access, MsSQL, PostgreSQL**, I prefer to use the former mentioned. I have knowledge in database design, normalization, data structure architecture, obtained from the experience in system development and complex e-commerce (See Portfolio).

I have also knowledge on **Asterisk** servers. I have installed and developed applications based on **AGI** and know the basis of **voice over IP**

### Operating Systems:

I have operated and investigated about the basics of architecture in a more or less depth on operating systems such as **MS-DOS, Windows 95, Windows 98, Windows 2000, Windows XP, Windows Vista/7, Linux Fedora, Linux CentOS, Linux Ubuntu**.

### Programming Languages (Desktop):

In addition to my knowledge about Internet Technologies, I have used programming languages learned from sources such as Norton, Kernighan, Borland and Microsoft. Although I have not performed any professional work based on them, I can develop in **Assembler**,

## Synthesis

HTML, XHTML	10+ years
CSS 2.1	6 years
CSS 3	2 year
JavaScript	9 years
Ajax	6 years
PHP	7 years
MySQL	9 years
XML	7 years
ASSEMBLER	Theoretical
C/C++	10+ years
BASIC	10+ years

Asterisk /AGI	5 years
Apache 1.3 y 2	7 years
MS-DOS	10+ years
Windows 95/98/2000/XP	10+ years
Windows Vista/7	4 years
Linux various	6 years

**VISUAL BASIC, C, C++, Python, Visual Basic .NET, C# .NET and C++ .NET.**

Python	1 year
BASIC	3 years
.NET	2 years

---

## Languages

I have fluent knowledge of Spanish (native) and English, since I lived in New York during 2004 and performed in the area of Project Manager Assistant.

## Other Studies

- Primary and High School completed at Instituto Carlos Tejedor, CIFE and Instituto Argentino Excelsior.
- English course attended at Instituto de Lenguas Vivas
- Music career “Licenciado en Artes Musicales con especialización en Piano y Composición” (Pianist and Composer) at Conservatorio de la Ciudad de Buenos Aires, Conservatorio Carlos Lopez Buchardo (IUNA) – **Incomplete**
- First Year of Psychology at Facultad de Buenos Aires – **Incomplete**

## Work Experience in the Technology Field

**Jan 2009 - Current** *JavaScript Specialist* – Programmer at Chess.com for JavaScript components such as Chess Board and Live Chess projects (Live ches 2 and 3)  
**Chess.com – Senior Programmer**

[www.chess.com](http://www.chess.com)

---

**Sep 2008 - Current** *Web Solution Development* – Complete development of the Anunciate Gratis platform to offer an online service of classified ads with Web 2.0 technology, utilizing Google AdSense's model to sponsor free online community services.  
**Anunciate Gratis**

[www.anunciategratis.com.ar](http://www.anunciategratis.com.ar)

---

**2007 – 2009** Quality Agent for chess.com website. Duties related to website testing and quality assurance to warrantee the best user experience and Browser/Operating System compatibility. Developing of small JavaScript components to bring better functionality and compatibility. CSS y HTML contributions, Bug Reports and feature suggestions.  
**Chess.com – Quality Agent**

[www.chess.com](http://www.chess.com)

---

**Jan 2006 – Ago 2006** Freelance programmer. Website and web application development.  
**Independent - Programmer**

**2005 – 2006** Semi Senior Programmer for Verus company. Web application development. SEO and directory website development. Crawling and data extraction systems development in order to create web content based databases.  
**Verus – S/S Programmer**

**2004-2005** Project Manager Assistant and Accountant. Diverse duties related to accountability and web project coordination of a team of programmers using Microsoft technologies.  
**BRealm Inc. New York – PM Assistant**

[www.brealm.com](http://www.brealm.com)

---

**1998 – 2004** Freelance Programmer and development of Systems for personal use and experimentation (Desktop based on DOS, Windows and Web).  
**Independent - Programmer**

## Referrals

Referrals upon request.
